## EUROPEAN BLACK FOREST HONEY

high mineral content balances the level of the sugars

The scientific name of this honey is 'Honeydew'. Unlike traditional honey, our Black Forest Honey brings a plethora of nutrients, making it a special addition to your health-conscious lifestyle. Our Black Forest Honey is your daily dose of wellness. It aids nutrient absorption, and enhances immunity.

Packed with nature's health boosters – oligosaccharides, they act as prebiotics that ferment and feed good bacteria in the gut. It helps to improve your digestion and overall health. Once savoured by royalty, it's now available for all honey lovers to relish.

**Packaging :** 150g/250g/420g square glass jar.

**Origin:** deep oak forest of Romania (European Union).

## EUROPEAN ACACIA HONEY

delicate, with a subtle, smooth, slightly vanilla aroma

Delicate, with a subtle, smooth, slightly vanilla aroma, its color being clear, from transparent yellow to light orange, this "queen of honey" is collected by the bees during a short period in May and only in strict climatic conditions.

With its unique taste, delicate flavor and appealing texture, helps benefits digestion by providing enzymes and prebiotic benefits. It has been used traditionally for constipation, dyspepsia, soothing ulcers, and indigestion.

**Packaging :** 150g/250g/420g square glass jar.

**Origin:** Huge acacia forest of Romanian Plateaus (European Union).

## EUROPEAN LAVANDER HONEY

floral and fruity flavors that melts softly in the mouth

Lavender honey has floral and fruity flavors and melts softly in the mouth, to the delight of epicures. Its smooth texture enhances exceptional floral overtones, enriched with subtle nuances of fresh fruits and highlight that lavender honey is one of the most scented honeys in the world.

Lavender honey has some unique benefits due to the presence of lavender essential oil. Due to its calming and soothing effects, it can help reduce stress and anxiety.

**Packaging :** 150g/250g/420g square glass jar.

**Origin:** Dobrogea region, Romania (European Union).

## EUROPEAN LINDEN HONEY

a strong honey with a distinctive aroma

The linden honey, like the plant that offers it, is a strong honey with a distinctive aroma, and a clear golden color. The strong aroma is composed of fresh woody notes and soft caramel tones, sweetness of flowers finished in the sweetest nectar.

It has a sedative effect that can calm the nerves, reduce stress, and promote sleep. It has natural antibacterial properties that can help fight infections and inflammation in the respiratory system.

**Packaging :** 150g/250g/420g square glass jar.

**Origin:** Macin Mountains National Park, Romania (European Union).

## EUROPEAN WILD FLOWER (MOUNTAIN) HONEY

a "complete" honey

A "complete" honey - Apitherapy physicians acknowledge the mountain multi-flower honey as a "complete" honey because is obtained from the nectar of several plant species, most of them being medicinal herbs, combining their therapeutic power.

This honey contains antibacterial agents ideal for treating skin disorders such as wounds, scrapes, and burns. It also promotes cell growth in injuries, which speeds up the recovery process.

**Packaging :** 150g/250g/420g square glass jar.

**Origin:** Slow slopes of Carpathian Mountains, Romania (European Union).

## EUROPEAN FOREST HONEY

floral and fruity flavors that melts softly in the mouth

Forest honey contains just a few volatile substances, source of its subtle aroma. It's not very sweet due to the high mineral content that balances the level of the sugars, but it ends in light caramel tones.

Forest honey is characterized by having more antioxidant properties and benefits than other honeys. Therefore, its consumption is recommended to people with a deficiency of iron or other minerals, lung problems and even bronchitis.

**Packaging :** 150g/250g/420g square glass jar.

**Origin:** Secular tree Forests of Romania (European Union)

## EUROPEAN WHITE CREAMED HONEY

a strong honey with a distinctive aroma

Savor the smooth delight of our White Cream Honey, a natural treat that not only tantalizes your taste buds but also serves as a perfect pick-me-up for your health.

Our White Cream Honey, similar to rapeseed oil, aids in maintaining a healthy balance of fatty acids in the body, fostering a cleaner and healthier liver. Acting as a potent restorative, our honey replenishes your energy reserves, making it the perfect companion after a day of intense activity

**Packaging:** 150g/250g/420g square glass jar.

**Origin:** Romanian Field (European Union)

## ORGANIC MANUKA HONEY

mild, earthy taste to strong and slightly bitter

With its flavor varies from a mild, earthy taste to strong and slightly bitter at higher levels and its dark-brown color, Manuka honey exhibits woody, earthy scents.

Manuka honey has natural antibacterial properties. It contains non-hydrogen peroxide and MGO, which gives it an even greater antibacterial power. Antioxidant and antibacterial capacity is proportional to the level of MGO. The higher the MGO content, the stronger the effect. Did you know that below 250 MGO, the effects are weak, and below 100 the effects are non-existent?

**Packaging:** 150g/250g/420g square glass jar.

**Origin:** Southern island of New Zealand

A glass jar filled with yellow oil is on the left. A wooden spoon is in the center, filled with mustard seeds, with some seeds scattered on the white surface around it. The text 'ADDITIONAL PRODUCTS' is written in green on the right side of the image.

# ADDITIONAL PRODUCTS

## BEE POLEN

a miracle that nature offers us generously and willingly

As the bees visit all the flowers of the season, the pollen granules will have colors ranging from golden yellow to dark brown and flavors that vary from one period to another and from one area to another.

One of the oldest "food supplements," bee pollen has 22 amino acids, 18 vitamins and 25 minerals, hormones, unsaturated fats, nucleic acids, these nutrients being present in a form that makes them easily assimilable. Pollen is not just a super-food, it is a miracle that nature offers us generously and willingly.

**Packaging:** DOY PACK OF 60G/120G/250G or GLASS JAR OF 60g/120g  
**Origin:** Apuseni Mountains in Romania (European Union)

## BEE PROPOLIS

naturally antiseptic, antifungal, and antibacterial

Bee propolis is made when bees collect resin from trees and mix it with their rich in enzymes saliva and beeswax. Bees use propolis to prevent disease and parasites from entering the hive.

Propolis has been used by humans since ancient times for its health benefits. It can protect the liver from toxins, injury, and disease, speed up wound healing, and reduce gum swelling. It also has powerful antioxidant and antimicrobial properties. Propolis is naturally antiseptic, antifungal, and antibacterial.

**Packaging:** DOY PACK OF 60G/120G/250G or GLASS JAR OF 60g/120g  
**Origin:** Apuseni Mountains in Romania (European Union)

## ACACIA HONEYCOMB

acacia honey and beeswax

The surfaces, with their thin cell's lids, are generally light yellow to white, while the cut sections are yellow. Often, it can be seen into the cut sections some light brown areas which are the cells with important quantities of flower pollen, a sign of natural honeycomb.

Acacia honeycomb is a natural product that contains both acacia honey and beeswax. Beeswax has a soft texture and a pleasant aroma. Some of the benefits of beeswax are: It can moisturize and nourish your skin and hair by forming a protective barrier; it can reduce inflammation and irritation by soothing your skin and mucous membranes and can fight infections by having antibacterial and antifungal properties.

**Packaging:** Organic or conventional, in plastic tray of 250g/400g

**Origin:** Transylvania Plateau, Romania (European Union)

## ACACIA HONEYCOMB IN ACACIA HONEY

naturally antiseptic, antifungal, and antibacterial

Delightfully chewy pure golden acacia honeycomb, with a harmonic floral taste and fragrant aroma of acacia blossoms, rounded-out by organic acacia honey with its irresistible vanilla notes it is the perfect family's nutritional and wellness gift.

This product It has many health benefits, such as: it can help regulate blood sugar levels and is good for hypoglycemia, It can help with coughs, sore throats, and respiratory infections and helps digestion and possible stomach problems.

**Packaging:** JAR OF 250G/420G

**Origin:** Transylvania Plateau, Romania (European Union)

**Croissant with butter, croissant with chocolate, croissant with chocolate and vanilla, butter croissant with chocolate filling**

## WHY CHOOSE US

We adapt to the needs of our customers, whether it is a first test order in variable quantities, or whether it is about fitting a package to a certain market, we are here to support our partners in successfully positioning the product on the market.

Our goal is not to have the lowest price on the market because we know that this is often due to either a deficiency in the quality area or incorrect behavior with own employees or suppliers. Instead, we focus on minimizing indirect costs, those that do not affect the quality of the product and offering maximum value for the money paid, because this is the basis of a win-win relationship.

Throughout the maturity of a product in a certain market, we consider ourselves partners and not just suppliers for our distributors, so we offer all our support along this road, whether it is samples, certain punctual discounts or marketing support.
